# **ATTC INTENSIVE: BUILDING NETWORK CAPACITY FOR THE FUTURE**

**IN KANSAS CITY MAY 4-8, 2020**

We bring you news from the galaxy called Kansas City, in the cosmos known as Missouri. The force remains strong in KC, where your Jedi Knights are diligently planning a week of intergalactic training events.

Named, must be our topics before attending them, you can.

So, here's a sneak peak of some our intended topics:

- "Stimulants 101" (1 day community direct services training of the new ATTC curriculum)
- "Stimulants 101" Training-of-trainers (ToT)
- "A Provider's Introduction to Substance Use Disorder Treatment for LGBT Individuals" ToT
- "Screening, Brief Intervention and Referral to Treatment (SBIRT)" ToT
- "CLAS Matters!" ToT
- ATTC Strategic Leadership Meeting
- "Learn to Facilitate Online Meetings and Trainings" learning opportunity
- TBD: Spanish Language ToT – Topic will be decided soon!

We are finalizing logistics with our various galactic master trainers. Our NCO forces will soon send complete information on each event, with descriptions, dates, and individual objectives for each session, as well as logistical info. This will enable you to strategize your forces and deploy your loyal trainers. Send those that are one with the force.

Attend you must, if knowledge you desire.  
The path to the Dark Side is beset by the untrained.  
Be one with the (training) Force.

Your ATTC NCO  
interstellar alliance  
Cindy Christy

Stay tuned!
