RE: Conference Committees

I hope you are well and safe. I am writing to invite you to participate in our conference review committees.

We have four committees that need members to carry out their duties. Each committee will be activated around the middle to the end of May and we expect to have their work done in about two weeks after activation. The categories and staff associated to it are:

1. **Proposal:** Maxine, Priscila and Christina
2. **Scholarship:** Dolka and Ruth
3. **Award Nomination (Closed):** Fred, Pierluigi, Dr. Arroyo, Dr. Garcia, NLBHA Board member and Malika (intern)
4. **CEU:** Maxine and Christina

The duties of the committee members would be to review submissions for the specified categories. The proposal committee will review and score the workshop proposals that are submitted; the scholarship committee will review and score the applications for scholarship received; and the CEU committee will be harvesting the information from the platform and compiling it for the CEU applications.

The Awards Nomination committee is closed, it has a representative from the NLBHA Board, each Advisory Council Fred and I.

The CEU committee will only need about 2 more members. The Proposal and scholarship committees will be by far the most active and will need most members.

I hope everyone signs up for one committee. With everyone's participation we can be successful in getting this done in a timely fashion.

Please send me your choice of committee by May 15 at pierluigi@nlbha.org

Thank you for all you do for NLBHA and the TTCs.
