

ATTC NCO Needs Assessment Y1

POWER Teams

- All RCs ranked POWER Teams (Chair/Co-Chair preferences)
- More to come soon

Working Groups

- Several topics suggested for new/continued working groups (beyond the POWER Teams)
- Intentional, task-oriented working groups

Summary of working groups/topics suggested:

- Leadership (institute, development)
 - Workforce/Training
 - EBP Implementation (strategies, science)
 - Behavioral Health Equity; cultural responsiveness and adapting EBPs
 - Harm reduction
-
- Clinical supervision
 - DIS
 - Publication group – dissemination
 - Technology/Digital Health
 - Opioid settlement funds
 - Engaging community supports and multi-faith communities in recovery
 - MAUD/MOUD
 - Adolescent Behavioral Health
 - Treatment and recovery in the carceral system
 - Updating workplan format
 - Stigma
 - StUD/OD

ATTC NCO Needs Assessment Y1

Communications and Marketing Campaign

- NCO engagement with RCs in this process
- Consistency in internal and external communication strategy
 - Centralized location/process for NCO → RC communications

Other/General Feedback

- Reduce burden related to requests for info; increase efficiency and decrease redundancy with reporting requirements; consolidate reporting
- Newsletters/reports out: focusing on new info, areas for collaboration
- Excited for Hub updates

ATTC NCO Needs Assessment Y1

Networking, Engagement, Collaboration

- Directors connecting in small groups (face-to-face time; 30 min drop in; peer-mentoring)
 - Including NCO facilitating RC collaboration on workplan and goals
- In-person meetings, with RCs contributing to agenda, and inviting additional staff
- NCO engage with SAMHSA requests and provide new info to RCs
- Collaboration with other TTA Centers
- More intentional synergy between RCs while also promoting regional diversity
