

Kansas City

Harm Reduction 101

You are invited to attend the Missouri Department of Health and Senior Services Harm Reduction 101 presentation. The following topics will be covered:

- Substance Use and Substance Use Disorder
- HIV, HCV, and Overdose Data
- Health Equity and Social Determinants of Health
- Harm Reduction and Harm Reduction Services
- Harm Reduction Resources and Referrals

This in-person training is recommended for anyone interested in learning information about harm reduction. Local public health agencies and individuals that work in public health are encouraged to attend. Space is limited, so register soon!
