

# TTC Website Administrator Tip Sheet #1: Selecting & Adding Header Images

1. Adding a “Header Images” and “Center Homepage Sliders” can help draw attention to your work!
2. Typically speaking for the web, the larger the image size is at upload the better. We let Drupal’s image styles resize and optimize as needed. Smaller images are typically going to be “upsized” and will come out pixelated depending on exactly how much resizing is required.
3. Images should be, at a minimum, the dimensions outlined on the following pages. Images that are bigger will crop properly to the new size. Images that are smaller by either measurement will upsize and pixelate.
4. For Sliders, Header Images and Tiles - **we recommend using images or photos - not illustrations with text** - to ensure images are not awkwardly cropped and display appropriately across the site.
5. Your NCO is happy to obtain images for your use on the website from iStockphoto.com! Simply search their library of images, select the one you want to use, and send the image number to your NCO via Zendesk or email.

## Center Homepage Slides = 1000 x 275

The screenshot shows the top portion of the MHTTC website. At the top left is a search bar. At the top right is a language selector set to "English". The main header features the MHTTC logo (New England (HHS Region 1) Mental Health Technology Transfer Center Network) and its funding source. Below the header is a navigation menu with categories: YOUR MHTTC, TRAINING AND EVENTS, RESOURCES, PROJECTS, COMMUNICATION, and ABOUT. A secondary navigation bar includes a "NEW ENGLAND MHTTC NAVIGATION" menu and a "Go to Center" button with a home icon.

The featured slide is titled "Conversation for Millennials of Color". It features an image of two chairs, one black and one red, on a wooden stand. The text on the slide reads: "This is an opportunity to share amongst community and build resources, and challenge the stigma around behavioral health access for communities of color." A "Learn more." button is located at the bottom left of the slide.

Below the slide is a "New England MHTTC" section with a small image of a colorful landscape and a brief description of the center's mission: "The core mission of the New England MHTTC is to use evidence-based means to disseminate evidence-based practices across the region. The region consists of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont. To ensure the responsiveness of..."

## Center Homepage "News" Tiles = Cuts to 300 x 300, Centered

This news tile features a background image of a forest with autumn foliage. On the left, contact information is provided: PRCH, 319 Peck Street, New Haven, CT 06513, United States, 617.467.6014, and newengland@mhttcnetwork.org. On the right, a brief description of work is provided: "our work, we will actively develop and maintain a network of government officials, policy makers, administrators, and community stake-holders, providers, researchers, youth and adults, and family members from each of the six states to guide New England MHTTC activities."

This section is divided into two columns. The left column is titled "NEWS" and features a tile for the "Person-Centered Recovery Planning Learning Collaborative (PRCP)" with an image of a group of people in a meeting. A red circle highlights this tile. The right column is titled "UPCOMING EVENTS" and features three event tiles:

- OCT 28**: A Peer Support Model for Cultural Responsiveness when Facing Psychosis. MAPNET and NE-MHTTC will be co-hosting a webinar from 9:30 AM - 10:30AM led by Manny...
- OCT 28**: Reflections: The State of School Mental Health — Courageous Conversations and Healing Practices. Join us for our afternoon dialogue, "Best Practices in School Mental Health." Officials from New...
- OCT 30**: Psychopharmacology Consultation Line with Geriatric Specialty. This is a psychopharmacology consultation line with Dr. Matcheri Keshavan and Dr. Carl Salzman. If...

A "View All" button is located at the bottom of the "UPCOMING EVENTS" section.

## PRODUCTS

This product tile features a play button icon. The title is "Mental Health and Children: Perspectives from Family on Screening, Diagnosis, and Supports". The description reads: "On September 26th, Lynda Gargan led a webinar on how family members are the most consistent adults in children's lives and have important..." Below the text are several small icons representing different categories: MP, MHP, RES, RES, and EDU.

### Person-Centered Recovery Planning Learning Collaborative (PRCP)

Publication Date: Sep 18, 2019

Share This!

[f](#) [t](#) [p](#)

**This Learning Collaborative will run from December 2019 - December 2020.**

Person-Centered Recovery Planning (PCRP), has been recognized as a promising tool for transforming the current behavioral health system and restoring certain elementary freedoms to individuals receiving services and their loved ones (Institute of Medicine, 2001).

**What is Person-Centered Recovery Planning Implementation?**

The learning collaborative is designed to promote mental health system transformation by helping organizations develop practices that support and expect recovery, and by promoting the voices of people with lived experience, youth, and family members. We will offer interactive training and individualized technical assistance (TA) to support the implementation of PCRP practices.
