

Responsive Care During a Pandemic: How to Sustain Pediatric Integrated Practice

A Panel Discussion | 12-1 p.m. CT Oct. 9

Description

Primary care staff and behavioral health providers working in integrated care settings are up against a slate of novel challenges posed by the COVID-19 pandemic. Please join the Mid-America MHTTC for a panel discussion among health care workers in our region who have developed strategies for responding to these emergent issues. Attendees are encouraged to submit questions to midamerica@mhttcnetwork.org so that the panel can prepare thoughtful answers.
