Supporting Professional Well-Being in Health Care: An HHS Region 7 Town Hall Event will provide information on the current context of professional well-being within health care and feature several regional experts focusing on supporting organizational well-being within their health care systems. Panelists from various large hospital systems will share strategies and lessons learned from implementing employee well-being initiatives at the organizational level. Participants will have the opportunity to submit live questions for the moderated panel as they learn ways to support well-being for health care professionals.
