

OCTOBER 6-7, 2022

# 10TH ANNUAL VCBH CONFERENCE

CONTINGENCY MANAGEMENT FOR INCREASING ABSTINENCE FROM  
SUBSTANCE USE AND PROMOTING HEALTH IN VULNERABLE POPULATIONS

## Join Us for Our Annual Conference

There is still time to register to attend our [10th Annual VCBH Conference](#), in person or virtually! [Registration](#) will close at the end of the day on Wednesday, September 28, 2022. We will not be able to accommodate late, in-person registrations so please take a moment to register if you wish to attend in person. We will be returning to our location at the [Hilton Burlington Lake Champlain](#) for those that enjoy the experience of connecting in person and love coming to Vermont in the fall.

Proof of vaccination is required at registration on site. We are following [Vermont State Health Department guidance](#) for our conference and ask that you consider wearing a mask. If any guidance changes prior to our conference, we will make all necessary adjustments.

### Hear from Leaders in Contingency Management

We are at a pivotal time for contingency management (CM) in the US. This fall, California will become the first state in the country to launch a pilot program of CM with a Medicaid benefit. We will have speakers specifically discussing the California program and key implementation issues, legal implications, and the application and advancement of contingency management in various health areas including substance use disorder, tobacco cessation, and cardiac rehabilitation.

### Attend in Person or Virtually

Options for attendance include:

- In-person both Oct 6<sup>th</sup> and 7<sup>th</sup>
- In-person Oct 6<sup>th</sup> only
- In-person Oct 7<sup>th</sup> only
- Completely virtual
- One day in-person, one day virtual

View [our schedule](#) for a list of speakers and topics.
