

THE NATIONAL ALLIANCE FOR HIV EDUCATION
AND WORKFORCE DEVELOPMENT PRESENTS:

BRIDGING HIV & SUD: INNOVATIONS IN THE FIELD

The role of overdose prevention centers in responding to the overdose and infectious disease crises in the United States

Friday, July 14, 12 pm ET

Presenter:

Brandon DL Marshall, PhD
Professor
Brown University School of Public Health

[LINK TO WEBINAR REGISTRATION](#)

Description

In this webinar, Dr. Marshall will discuss how overdose prevention centers are an evidence-based strategy to prevent overdoses and reduce HIV/HCV transmission among people who use drugs.

Learning Objectives

- Define overdose prevention centers and discuss their history in the US and globally
- Summarize research studying the effects of overdose prevention centers on people who use them and communities in which they are located
- Discuss their continued implementation in the US

Continuing Education

Social Workers: This program has been approved for 1.0 clock hours by NASW-Missouri Chapter, and may be used to meet continuing education requirements for Social Work Licensure/Certification renewal.

Nurses: Kansas City CARE Clinic is approved as provider of continuing nursing education by the Kansas State Board of Nursing (LT 0256-0609). This course offering is approved for 1.0 contact hours applicable for RN or LPN re-licensure.
